## Chicks in Mowbray Class

During the past few weeks Mowbray class have been lucky enough to watch some chicks hatch and care for them. We were very excited when the eggs came in and even managed to catch one of the eggs beginning to crack. One of the chicks did become stuck but luckily he was 'helped' out of his egg and he survived. The chicks have grown so much since hatching and are now beginning to get their feathers ready to go outside in the environmental area. We look forward to caring for them and looking after them in the future.
