

W.C 01.02.21

Dear Parent/Carer

Tomorrow we will be starting our remote learning online via Zoom, please see below for the timetable that will be effective as of tomorrow.

Cool cats of Clarkson, Year 4

There will be a waiting room enabled when you log in to Zoom. Please make sure that you log in with your **child's name** otherwise, we will not be able to admit you to the lesson.

Zoom sessions will be recorded and uploaded to a private school Youtube channel so that children who cannot watch the live sessions can access these at a later time. A link to the recordings will be sent via dojo as this is a closed account and cannot be searched for. We will be continuing to learn new concepts and skills so attendance and completion of skills is vital. Reading books on rising stars are available for children to have a levelled reading book. Please read with your child daily for at least 10 minutes.

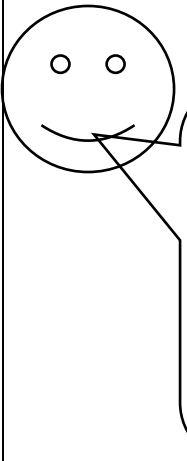

During the lesson, please do not use the chat function. We know that this is tempting however, this is a live lesson and should not be used for anything other than questions about the lesson taking place.

Please can work be uploaded on to your child's portfolio on classdojo so that teachers can feedback to children on the day the work has been carried out.

Thank you for your co-operation at this time.

Miss D L Freeburn (Clarkson Class Teacher)

This could be through art, music, writing and poetry, dance and drama, photography and film, and doing activities that make you feel good.</p> <p>It's important to remember that being able to express yourself is not about being the best at something or putting on a performance for others. It is about finding a way to show who you are, and how you see the world, that can help you feel good about yourself.</p> <p>Here are some ideas: Draw a self portrait Write a song to express your feelings Write a story or poem about the world Choreograph a dance – share it with others if you want to.</p>
